Dear Ms. Drew:

In accordance with condition II.A.7 of our Hazardous and Solid Waste Amendment permit dated September 15, 1986, notification is made that an Underground Waste Tank (S-75N) and a materials storage area (N-16) should be considered Solid Waste Management Units. A RCRA Facility Assessment (RFA) will be submitted to your office within 45 days from receipt of this letter. If it is determined during the RFA that a RCRA Facility Investigation or a Confirmatory Sampling Investigation is required, we recommend that the investigation be accomplished in the appropriate group of our Draft Final Corrective Action Management Plan.

If you need any additional information, please contact Mr. Mark Taylor of Southern Division, Naval Facilities Engineering Command at (803) 743-0573.

Sincerely,
